**Dear Madam and Sir:**

- **The above patent contains significant errors as indicated on the attached certificate of correction form (SB44) (submitted in duplicate). There errors arose at the respective places in the application file as indicated below.**
- **Such errors arose through the fault of the Patent and Trademark Office, therefore patentee requests that the Certificate be issued at no cost.**
- Please note several errors appear to have been made printing the claims from the Applicant's reply to the office action dated June 2, 2005 (Ex parte Quayle) and also see the originally filed application.
- **Specifically**, in issued Claim 8, Col. 8, line 53, please add -- ; -- after "a resistor and said p-doped region". For support see the originally filed application and also Applicant's reply to the office action dated June 2, 2005 (Ex parte Quayle), page 4, (claim 8) which correctly shows " ; " at this place. This appears to have been erroneously printed by the patent office.

### **CONCLUSION**

In conclusion, issuance of the certificate of correction is respectfully requested.

It is requested that the Examiner telephone the undersigned attorney at (215) 670-2455 should there be anyway that we could help to expedite issuance of the Certificate of Correction.
